Hi there! My name is Alex. I am a frontend developer. I worked with ReactJS, NodeJS and their eco. I would like to work with people which know their job and can share their experience.

My soft skills: responsible, punctual, team player, communicative, attentive to details.

My hobbies : I am exciting about moto sport, jogging in fresh air with friends or a girlfriend. From time to time i use photoshop to do something interesting. I like to read fiction books.

Professional Experience

Front end developer   Freelancer | kabanchik | October 2020 - Present

As a freelancer i am creating web pages, helping with fixing bugs (HMTL, CSS). I implemented simple rest full api server on NodeJS and express. Also i created SPA web page with ReactJS.

Education

Bachelor in computer science   Institute of telecomunication and information at Kyiv | June 2019 - Present

I am learning about different aspects of programming and algoritms.

Deep knowledge about that how computer works, software tools, programming languages and patterns.

Key Skills

- JavaScript
