OLEKSII
CHEREVAN
Front-end developer

ABOUT ME

Hi there! My name is Alex. I am a front-end developer. I am experienced in creating WEB applications. I was in a different front-end projects. In these projects my team and i used github and git flow. My first commercial application was made more than a year and a half ago. My aim is to improve my self as a software engineer.

P.S. I hope we will get it! Best wishes, Alex)
